How to calculate the cost for your concerts:

1. Apply your school’s free & reduced lunch percentage to determine the number of free/paid tickets.
2. Multiply the number of paying students by the ticket cost. Put this amount in the total cost column.
3. Determine how many free chaperones will attend, and find out the total number of seats your group will need.
4. Title I schools may be eligible for a transportation subsidy, subject to available funding. Check here to apply:
